Summary

I am Rameshwar Singh, a dedicated computer science professional with robust experience in software development and application design. Proficient in Java, SQL, and Android development, I excel in building user-centered applications and optimizing database systems. My academic achievements and hands-on projects have equipped me with the skills needed to create efficient and innovative technical solutions.

Education

G L Bajaj Institute of Technology and Management	Gr. Noida
Masters of Computer Application	08/2021 - 05/2026
Digvijay Nath P G College	Gorakhpur
Bachelor of Computer Application	08/2021 - 05/2024
P.G. Sr. Secondary School	Kushinagar
Inter Mediate	08/2018 - 05/2020
P.G. Sr. Secondary School	Kushinagar
High School	08/2016 - 05/2018

Languages

Java Intermediate ●●●●● C Advanced ●●●●● C++ Beginner ●●●●●

Skills

Android Studio · GitHub · Google Firebase · Java · OOP · SQL

Certifications

Introduction to Java
Introduction to Cybersecurity
Python Essential
CCNA: Introduction to Networks

Projects

Restaurant Management

Restaurant Management Application(Mini-Project)

- Designed and built the backend system and database for a restaurant management application focused on efficient data handling for orders, menus, and billing.
- SQL database schema (MySQL) and optimized query performance for core operations.
- Technologies: Java (Apache NetBeans), SQL (MySQL).

Anuj Tech – Android Mobile Application

Android Mobile Application

- Developed and maintained the Android application, ensuring a user-friendly interface and seamless navigation.
- Integrated Firebase for real-time data synchronization and user authentication.
- Implemented RESTful APIs to fetch and display data related to training centers and visa information.
